announce our nuptials it flew right up when it went off and turned over next day lieut col robin redforth was united with similar ceremonies to alice rainbird this time the cannon burst with a most terrific explosion and made a puppy bark a country where the children have everything their own way there is a country which i will show you when i get into maps where the children have everything their own way it is a most delightful country to live in the grown up people are obliged to obey the children and are never allowed to sit up to supper except on their birthdays the children order them to make jam and jelly and marmalade and tarts and pies and puddings and all manner of pastry if they say they won't they are put in the corner till they do they are sometimes allowed to have some but when they have some they generally have powders given them afterwards

this was what brought that country to such perfection and made it such a delightful place to live in the grown up people that would be in other countries soon left off being allowed any holidays after mr and mrs orange tried the experiment and the children that would be in other countries kept them at school as long as ever they lived and made them do whatever they were told it must be the grown up people who have changed all this said alice we couldn't have changed it if we had been so inclined and we never should have been or perhaps miss grimmer is a wicked fairy after all and won't act up to it because the grown up people have persuaded her not to either way they would make us ridiculous if we told them what we expected
